

## PADEL AND SOCIAL CLUB ON COURT RULES

Treat the padel court like home, but leave no trace behind (except your epic shots).

Share court time fairly. Arrive a few minutes early to make the most of your session. Being fashionably on time is preferred.

Respect court boundaries, unless you possess magical teleportation abilities.

No smoking or vaping on court. The only thing that should be smoking are your shots.

Only use appropriate equipment for padel. No shovels or pizza paddles allowed – only padel rackets.

Save snacking for the restaurant. No eating or drinking on court.

Wear suitable attire for the game. Costumes are reserved for special occasions. Trainers or sporting shoes are the only footwear allowed on court.

Use secret hand signals to communicate with your partner, but don't share classified information.

Maintain a family-friendly atmosphere by eliminating swearing, both at your partner and yourself.

Treat your racket with respect and store it properly. No jousting or sword fights. Please ensure your racket wrist strap is on during game time.

Be a silent observer when not playing. Avoid shouting advice or sharing coaching theories.

Celebrate wins without causing injury. Victory dances are allowed if executed safely.

Clean up after yourself and say goodbye to opponents. Bond off court over celebratory drinks.

Remember, Padel and Social Club is a place for fun, friendly competition, and unforgettable memories. Follow these guidelines, embrace the quirkiness, and let the magic unfold!
